# UTOPIA INDUSTRIES

Leading global textile solutions with innovation, precision, and trust. A manufacturing powerhouse, crafting quality fabrics across dyeing, weaving, knitting and printing. Proudly exporting excellence to the United States, Canada, Australia, Europe, and beyond.

## TEXTILE MANUFACTURING

Utopia Industries is a large-scale modern textile firm that was founded in June 2020 with a vision to be a prominent manufacturer and provider of innovative textile solutions around the globe. The company integrates dyeing, weaving, knitting and printing facility within its location that covers an area of around 3 million sq. ft covered.

Utopia Industries is committed to developing innovative and distinctive lifestyle merchandise for distinct customer niches. A few of the products that we manufacture and export are: Pillows, Comforter, Plastics, Cookware, Knit garments, Bed Sheets, Towels, and other Textile products. Leveraging the state of art technology, maintaining high quality standards and delivering quick service, has earned the trust of our customers overseas, enabling us to export to top notch countries like US, CA, UK and EU.

- ▶ Quality : Warp Knitted
- ▶ Content : 100% Polyester
- ▶ Weight : 270-290 GSM
- ▶ Fleece

## COLORS

## Adjustable Waist Belt

Each bathrobe features an adjustable waist belt that assists in securely closing the robe from the front so that you can wear it with confidence.

# KITCHEN LINEN

Elevate your culinary experience with Utopia Kitchen's stunning kitchen linen collection. Our range of tablecloths and napkins come in a variety of colors and patterns, made from cotton, polyester, and cotton blend materials for comfort and durability. Stay clean and stylish with our fashionable aprons while our super-absorbent woven dishcloths make cleaning up a breeze. All products are crafted with care and built to last. Shop with us to transform your kitchen and take your cooking game to the next level.

# KNITTED SPANDEX TABLECLOTH

- Content : Poly Spandex
- Fabric Weight : 190 GSM
- Process : Solid Dyed Wrinkle Resistant

## COLORS

## Snug Strap-fit

The straps reinforced to the edges make a wrinkle-free top that's equally pleasant to dine over.

## Elastic Flexibility

Made from high-quality fabric, these sheets are incredibly soft and breathable, helping your patients feel relaxed and comfortable.

# WOVEN TABLE CLOTH

- ▶ Content : 100% Polyester
- ▶ Fabric Weight : 135 GSM
- ▶ Process : Solid Dyed, Water Repellent

## Breathable

Additionally, they are water-repellent as well. They are easy to clean and don't absorb the smell.

## COLORS

## Timeless Colors

The solid-colored portfolio complements every table and is an ever-green choice to hold onto.

# NAPKIN

- ▶ Content : 100% Polyester
- ▶ Fabric Weight : 180 GSM
- ▶ Wrinkle Free Napkin

## COLORS

## Exquisite Presentation

It is the aura of these napkins that turn an average-looking table into an enticing delicacy.

## Extra Soft

They are soft, and while they are, multipurpose too.  
Use them in hotels, homes, restaurants, etc.

# COTTON NAPKIN

- ▶ Content : Cotton Blend
- ▶ Fabric Weight : 150-250 GSM
- ▶ Washable and Reusable Dinner Napkins

## The Royal Touch

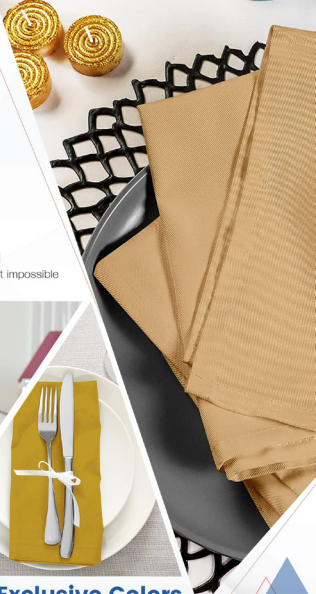

Made of the same lineage, they make it impossible to resist the ambiance over the table.

## COLORS

## Exclusive Colors

Not rare, but not easily available dyes are the ethnicity of these napkins, which are also washable.

# KITCHEN TOWEL

- ▶ Content : 100% Cotton, Micro Fiber
- ▶ Category : Kitchen Towel Bar Mop
- ▶ Process : Solid Dyed, Yarn Dyed

## COLORS

## Lint-Free Towels

Not leaving those tiny lints behind – on the surface – so all it takes is one sweep to clean.

## Highly-Absorbent

They are soft and smooth, but also absorbent, which diligently serves their purpose.

# KITCHEN TOWEL

- ▶ Content : 100% Ring Spun Cotton
- ▶ GSM : 300 - 400
- ▶ Process : Solid Dyed, Yarn Dyed, Printed
- ▶ Highly absorbent, Durable, Quick-Drying, Soft, Luxurious & Functional

## COLORS

## OUR SUSTAINABLE IMPACT

Pakistan annually produces about 50 million tons of agricultural waste, a potential goldmine for producing biofuels or biogas. Embracing this opportunity, Utopia Industries has innovatively begun manufacturing biomass pellets from this agricultural waste. This initiative supports the transition to renewable energy, fostering more environmentally friendly practices and reducing our reliance on non-renewable resources.

Supplementing our biomass efforts, we have also developed efficient processes to generate steam from recycled waste. This eco-friendly alternative to traditional coal-based methods significantly enhances our energy efficiency and aligns with our commitment to sustainable industrial practices.

Furthering our renewable energy exploration, we have installed a 20KW solar power system at our facilities, with plans for future expansion. This commitment to diversified energy sources symbolizes our devotion to reducing our carbon footprint. At Utopia Industries, sustainability is not just a goal, it's at the heart of everything we do, ensuring we create economic opportunities for our country while protecting our planet.
